Eco-Mode

Founded in 1991 from an IBM heritage in Lexington, Kentucky, Lexmark is focused on delivering tailored solutions to solve the unique challenges businesses face. Lexmark's broad portfolio of high-quality products, solutions and services help improve productivity, increase efficiency and empower employees to perform at their best.

### Eco-responsible

Printing responsibly and reducing the impact of printing on the environment is a win for your business and your budget. Our goal is to design, package and deliver innovative products and solutions that produce high-quality output with reliable performance. And at the same time, help you minimize the number of cartridges you use over the life of a printer and conserve paper and energy.

The Lexmark Cartridge Collection Program provides a variety of methods for free returns of your empty cartridges to Lexmark or our collection partners. Program availability and details vary by country.

### Environmental protection is a shared responsibility

Through work with industry groups, Lexmark helps guide the formation of standards and guiding principles for environmental sustainability.

Our memberships include:

- ▶ AeA Europe
- ▶ Ecma International
- ▶ Electronics Industry Citizenship Coalition (EICC)
- ▶ DIGITALEUROPE
- ▶ European Information & Communications Technology
- ▶ Industry Association (EICTA)
- ▶ Information Technology Industry Council (ITI)
- ▶ ITI Environmental Leadership Council

### Compact power

The Lexmark M1145 and M3150 systems bring power and speed together in a space-saving size. Built to handle the requirements of a busy work environment, the M1145 and M3150 will produce high-quality professional output in next to no time.

- ▶ Process even the most complex jobs utilizing the 800MHz dual-core processing power and up to 3GB of memory
- ▶ Get work done quickly with print and copy speeds up to 50 ppm and produce your first page in as little as 6.5 seconds
- ▶ Produce professional output with a system that delivers consistent image quality on a diverse range of materials
- ▶ Instant warm-up fuser helps reduce energy consumption and improve time to first page

### Business productivity

The Lexmark M1145 and M3150 combine exceptional performance with time-saving applications designed to drive greater efficiency and simplify your work processes.

- ▶ With these systems, you can print from desktops as well as mobile devices that can run applications
- ▶ A maximum input capacity of up to 2,300 sheets and our state-of-the-art paper handling keeps jobs moving with reliable performance

### Easy and intuitive

The Lexmark M1145 and M3150 are designed for easy operation to allow you to stay focused on customer engagements instead of routine maintenance.

- ▶ The easy to read 2.4-inch color display or the intuitive 4.3-inch color touch screen with audible feedback make completing tasks simple
- ▶ Print preview on the M3150 helps you select documents or specific pages within a document to print only what you need
- ▶ Extend your environmental responsibility with energy-efficient settings such as the hibernate mode which reduces the energy usage to less than one watt
- ▶ Manage your devices with available software

## Propel your business forward

Our solutions are designed with your productivity in mind. The Lexmark M3150 platform lets you interact with business applications directly on the device or with a server, on premise or hosted in the cloud. Reduce unnecessary printing and simplify work processes with Lexmark solutions.

## Navigate to efficiency

The Lexmark color touch screen is a key access point to your device. The customizable, 4.3-inch interface gives you the ability to preview thumbnails of documents prior to printing, as well as change print job settings at the device. You can even view, select and print specific pages within a document directly from the touch screen. Its easy-to-use, intuitive navigation provides fast access to the functions and shortcuts.

## Examples of preloaded solutions on M3150 printer:

### Forms and Favorites

Eliminate waste and inefficiencies associated with preprinted forms. Store frequently printed forms, marketing materials or other documents online, then print them on demand.

### Eco Settings

Lets you change up to six different device settings to enhance environmental savings: Eco-mode, two-sided printing, time to standby mode, time to power saver mode, screen brightness and quiet mode.

### Customer Support

This application provides you with an easy way to send information about your device to your authorized dealer or internal help desk.

### Address Book

Allows users to manage the device's internally stored data, contacts and scan destination (if supported applications are installed) from the device's e-Task touch screen interface, as well as from the embedded web server.

### Professional-quality output is only part of the story

By leveraging our industry expertise, you can generate efficiency and increase productivity across business processes to gain the power you need to move ahead. Lexmark technology solutions are tailored to your business environment—where business interactions and decisions are happening.

Empower your employees with workflow solutions that refine work processes, capture critical data and deliver information to the right place, at the right time and in the right format.

Contact your Lexmark Business Solutions Dealer for specific vertical solutions.\*

### Keep sensitive information and documents secure

Lexmark builds network devices with security in mind to protect your data and documents throughout your entire workflow. Our wide range of security functions include device management, device hardening and device operation.

**Device management.** Tools include administrative access and passwords, HTTPS, SNMPv3, IP security (IPSec) and 802.1x support to remotely monitor and manage device usage.

**Device hardening.** Includes port filtering, TCP connection filtering, hard disk encryption, hard disk wiping and digitally signed firmware updates that enhance the security of the device's network interface.

**Device operation.** Reduce vulnerabilities with authentication and authorization features, address book lookup via LDAP over SSL and device lockout for protection of user information.

### Lexmark has shown its strength and leadership with respect to security

- ▶ Forming and chairing the group that created the IEEE 2600 standards for security on hardcopy devices
- ▶ Becoming the first hard-copy device manufacturer to take a holistic approach with the National Information Assurance Partnership (NIAP) Common Criteria evaluation

\*Optional software available. Licensing fees apply.

M1145 with 2.4-inch LCD screen

M3150 with 4.3-inch color touch screen

**1. Intuitive color display or touch screen**

Operate your device with ease through smart and intuitive navigation. Receive audible feedback when you use the touch screen.

**2. Flexible media handling**

Print on a range of media with built in 2-sided printing. Add additional input capacity to 2300 pages for higher volume printing needs.

**3. Lexmark solutions**

Reduce unnecessary printing and simplify work processes through solutions applications preloaded on your device. Choose additional Lexmark solutions to fit your unique workflow needs.

**4. Direct USB**

The front USB port allows for convenient walk-up preview, printing and scanning and is compatible with most printable image file formats.

**5. Lexmark's Unison™ toner**

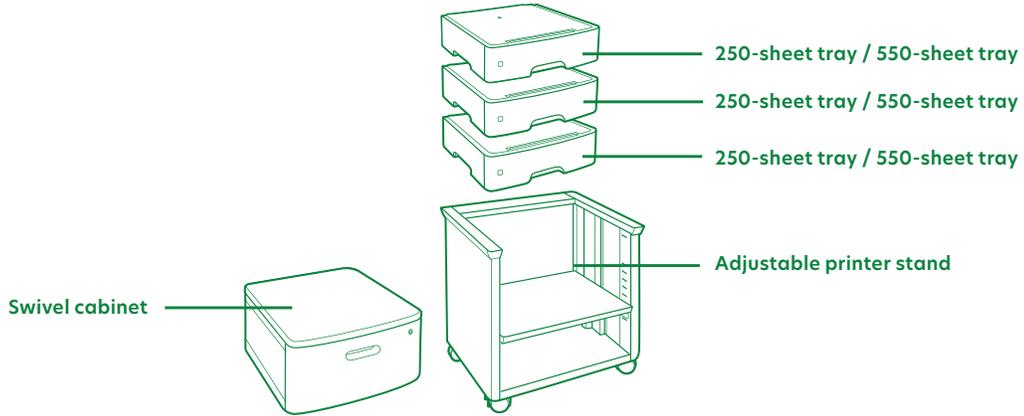

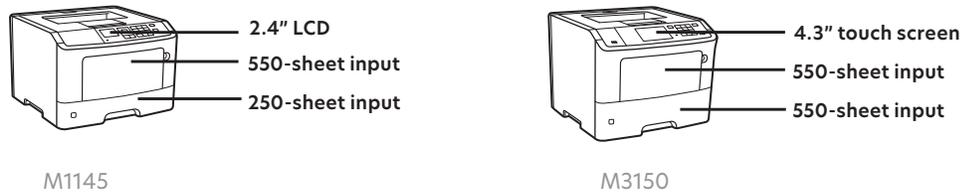

Advanced toner science—powerful enough to deliver consistently outstanding image quality, with a shake-free print system.

**6. Eco-friendly features**

Easy-to-access features like eco-mode to reduce paper and toner consumption, the sleep button and hibernate mode make it easy to print responsibly and help you save energy.

Optional Network Ports / Optional Local Ports	MarkNet N8352 802.11b/g/n Wireless	MarkNet N8352 802.11b/g/n Wireless / Internal RS-232C serial, Internal 1284-B Bidirectional Parallel
Noise Level: Operating	Print: 55 dBA	
Specified Operating Environment	Temperature: 16 to 32°C (60 to 90°F), Humidity: 8 to 80% Relative Humidity, Altitude: 0 - 2896 Meters (9,500 Feet)	
Size (in. - H x W x D) / Weight (lb.)	10.3 x 15.7 x 15.0 in. / 33.1 lb.	12.1 x 15.7 x 15.6 in. / 35.7 lb.

<sup>1</sup>Average yield based on approximately 5% print coverage. <sup>2</sup>Print and copy speeds measured in accordance with ISO/IEC 24734 and ISO/IEC 24735 respectively (ESAT). For more information see: [www.lexmark.com/ISOspeeds](http://www.lexmark.com/ISOspeeds). <sup>3</sup>Actual Yield may vary based on other factors such as device speed, paper size and feed orientation, toner coverage, tray source, percentage of black-only printing and average print job complexity. <sup>4</sup>Printers are sold subject to certain license/agreement conditions. See [www.lexmark.com/printerlicense](http://www.lexmark.com/printerlicense) for details. <sup>5</sup>"Maximum Monthly Duty Cycle" is defined as the maximum number of pages a device could deliver in a month using a multishift operation. This metric provides a comparison of robustness in relation to other Lexmark printers and MFPs. <sup>6</sup>"Recommended Monthly Page Volume" is a range of pages that helps customers evaluate Lexmark's product offerings based on the average number of pages customers plan to print on the device each month. Lexmark recommends that the number of pages per month be within the stated range for optimum device performance, based on factors including: supplies replacement intervals, paper loading intervals, speed, and typical customer usage. <sup>7</sup>Average standard page yield value declared in accordance with ISO/IEC 19752.
