Overview

- The extra large 10.2-inch color touch screen allows you to operate your MFP with ease through intuitive navigation and easy access to workflow solutions.
- Ultra-reliable paper feeding lets you load up to six different media types; supports banner media and weights up to 110 lb. cover weight.
- Easily create professional output in-house with flexible finishing options, including multi-position stapling, hole punch, expanded output stacking, and booklet capability.
- PANTONE® calibration helps ensure consistent color tones and Named Color Replacement makes color matching easy.
- Scan to multiple destinations: scan to e-mail, scan to FTP, scan to fax, scan to network, scan to USB drive, and more.
- Multilayered security features help protect your devices, your documents, your information, and your network infrastructure.
- 1200 x 1200 print resolution for rich vibrant colors and crisp black text.

Solutions

Reduce unnecessary printing and simplify work processes using the solutions that are either preloaded on your Lexmark device or are available through your authorized Lexmark dealer.

Forms and Favorites

Eliminate waste and inefficiencies associated with preprinted forms. Store frequently printed forms, marketing materials or other documents online, then print them on demand.

Scan to Network

Scan a hardcopy document and route the image to one of 30 predefined personal or public shared network folders.

Card Copy

Save time and effort in copying identification cards, licenses and insurance cards by automatically scanning, enlarging and copying both sides of a two-sided card onto one side of a sheet of paper.
